Waterdog 525-Gallons “Potable Water Pumper” Water Trailer

General Description

The Waterdog is a durable, industrial-grade product that is built to last. Our trailers are utilized by the government and military and are constructed to perform and excel in day-to-day operations. This trailer will be manufactured per your exact specifications to accomplish any task you need, whether that be dust/allergen control, agricultural spraying, cleaning of equipment, emergency fire-fighting, or to secure a means of transporting potable (NSF-61) water.
